About Me

OBJECTIVE

A motivated and detail-oriented BS Information Technology graduate with hands-on experience in web development, client management, and administrative support. Looking to apply strong organizational, communication, and technical skills as a Virtual Assistant to help businesses run efficiently and effectively in a remote setting.

WORK EXPERIENCE

Freelance Virtual Assistant & Web Developer

2022 – Present

Self-Employed · Remote

- Managed client communications, project timelines, and deliverables for multiple remote clients simultaneously.
- Built and maintained responsive websites based on client briefs, handling all coordination from planning to launch.
- Organized digital files, prepared reports, and maintained online records to keep client operations running smoothly.
- Conducted online research and compiled findings into clear, actionable summaries for client decision-making.

Sales Associate

2021 – 2022

RRJ / Mr. Lee · Retail

- Handled customer inquiries professionally, consistently delivering a positive and helpful service experience.
- Coordinated with team members to maintain store operations and achieve sales targets.
- Developed strong communication and problem-solving skills while managing diverse customer needs daily.

PROJECTS

Personal Portfolio Website

HTML · CSS · JavaScript

Designed and deployed a fully responsive personal portfolio. Managed hosting, domain setup, and ongoing content updates independently.

whoiszircon.pages.dev

Client Website Projects (Freelance)

HTML · CSS · JS · WordPress

Completed multiple client websites end-to-end — gathered requirements, designed layouts, applied feedback, and delivered on schedule while managing all client communications.

Task & Admin Management Tool

Python · Django

Built a simple web-based task tracker to manage to-dos, deadlines, and notes — demonstrating ability to create practical digital tools that improve organization and workflow.

EDUCATION

Bachelor of Science in Information Technology

University of Science and Technology of Southern Philippines (USTP)

2022 – 2026
